Everything on https://youtu.be/TIdv3V5_ej4

to all my astro friends;
too many people asking for KP books, other books, software, video tutorials…etc..so , I do not send any files…books etc…, but I uploaded everything on the web for free access;

biggest collection of free astro-jyotish books + software + video tuitions

have a look at these links; you can download all folders or browse through, choose any file or folder in these links and download for free. No need to register or wait, or anything…no publicity, captcha….etc
Biggest free astrology library on the web, a goldmine for astrologers

astro Software;
free jyotish_astrology and astronomy software collection (with serials or crack) on Yandex server; 10 GB free_access link;

I created a new link for the best astronomy program "Starry Night Pro Plus" for mac and windows, it is 2 huge files splitted in multiple rar compressed format. SO better to download them bit by bit or overnight, then decompress with winrar or similar software.
here is the link to view and download the files;
